

## Principal's Pen

*Greetings to all*

I, first of all, express my all good wishes to ICSE and ISC-2017 candidates for God may bless them to perform very well.

Obliviously, a School plays an important role in it. In addition to academic curriculum, the School prepares the students for the world outside the school. In fact, a school is the powerhouse for instilling the key skills that innovate the students to lay emphasis on compassion, self-discipline, perseverance, humility, forgiveness, co-operation, patriotism, etc.

I believe that three things are required to strike the perfection and they are Planning, Self-enhancement and Time management.

It is my urge to the students to avoid and leave off the vicious company. Students should be creative and harmonious in their thinking, saying and doing.

It leads to competency and success.

### **K.B.SINHA – K.B TO HIS COLLEAGUES AND KRI TO FAMILY AND FRIENDS**

My Father Krishna Behari Sinha was fondly referred to as Kri (short for Krishna) by family and friends. Post his departure for his heavenly abode, I have been told stories about him of which I would like to share two instances.

The first concerned my cousin who had been selected to join Tata Steel in the campus interview way back in 1970. According to him, at that time he weighed only 45 kgs then (imagine!) and "Kri Papa" was apprehensive that he would be rejected for being under-weight. However, on the given day, Sabita Amma fed him with a dozen bananas and made him drink gallons and gallons of water, hoping to add some kilos, before sending him off for his medical. To his horror, the Medical Officer took one look at him and guessed as much and asked "kitne kele khaye ho?" Amma had an amused smile and when Kri Papa returned from office, he too had a similar smile! They didn't say anything except that he should not lose heart. When he went to collect the report the next day, with his heart in his mouth, the MO gave him a 'pass' report with a smile. He then realized that Kri Papa must have put in a word to the MO, but of course he never admitted to having had done any such thing.

The second is a narration from my uncle's great grand daughter concerning "Kri Baba's" car. He had left it in the village so that he could use it whenever he went there. However, the grand children had other ideas during their winter vacation at the village. They wanted to learn driving !. So under the guidance of their elder cousins they took out this car to the Club house maidan opposite the House and drove it in circles till the fuel ran out. In her words, "we simply pushed the car back home and back under the cover". We were so pleased (and more than a bit scared of being caught out!) with our escapade ..and that no one was the wiser!

Only years later, during a trip to Jamshedpur in 2009, did "Kri Nana" smile and casually mention that he had known all along what they had done and that he would have taught them driving "legally" if they had asked him. Everyone had a good laugh that night.

My Father was a caring man and perhaps what was closest to his heart was Rajendra Vidyalaya, a school he had helped establish and one which is a pride of Jamshedpur today. Wherever he is, he will always wish for the very best for all students and faculty members of R.V.

## ALL ABOUT ORATORY

### HINDI ELOCUTION

When the mike stands set, when the stage appears calm, when the world needs revolutionary speaker, it is we, the RVians who set the stage on fire, with wonderful rhetoric skills.

Like previous years, this year also in the Annual Hindi Elocution, we RVians yet again proved that our words turn the environment vibrant and live. The audience were mesmerised by the wonderful oratory of students on various topics. Someone showed the courageous deeds of our soldiers and the other narrated the importance of a mother. The audience were made spell bound by the fearless words of the tiny tots against terrorism.

Even in the tough rhetoric battle, the winners made their way who reverberated the hall along with hearts of the audience.

The judges for the event were Mrs. Sudha Singh of MNPS, Mrs. Sheetal Pandey of Karim City College and Dr. Tribhuvan Ojha, retired HOD of Hindi, Karim City College.

## 17th NATIONAL JAMBOREE

Jharkhand's contingent leader for guides, Ms. Brahmjeet Kaur, accompanied the scouts & guides of Rajendra Vidyalaya to the 17th National Jamboree held in Mysore from 29th of December to 4th of January. The Jamboree is held once in every four years. There was a record attendance of over 25K comprising students from all parts of the country. Member nations of SAARC also participated in the Jamboree, giving weightage to the theme of the Jamboree 'Together for Better Tomorrow'

The Jamboree was

inaugurated by the honorable President of India Shri Pranab Mukherjee himself. The students were fortunate and lucky enough to witness the charismatic bike stunts performed by the BSF Jawans who also performed on this Republic Day 2017.

There were many interesting events, adventures such as monkey bridge, tyre tunnel, rock climbing, fire ditch, etc. and even hiking. Students got an opportunity to mix and mingle with students of different states and also different countries. Amongst all prize winners, the students of RV were recognised as the **best social workers** in

Jharkhand state.

The exhausting trip ended on a high note as the students were taken out for sightseeing in Mysore and also in Chennai at the Marina Beach. All in all, it was a great experience for all the students as the students learned a lot throughout the trip.

## ALL ABOUT ORATORY

### ENGLISH ELOCUTION

The art of public speaking which involves gesture, vocal production and delivery is the trickiest part of English, well, Rvians are very well used to perform this trick and that too with ease. It remains unsaid, that like every year, this year too Annual English Elocution and speech contest was organised in the school on 1st October, 2016. Mrs. Jhumjhum Nandi, Principal, Jusco School, Mrs. Reeta Chandra, DBMS English School, Mrs Subhoshish Sarkar, Baldwin School were cordially invited as the eloquent judges for the programme. They were impressed with all the speakers. "The little children attracted me the most," said one of the judges. All the orators were very confident and had no stage fear, as per their opinion.

The programme was a grand success, everybody was very happy.

Every year this programme not only give rewards to the deserving one but also enriche the qualities of confidence and self-respect in all the participants.

Glory to all the winners!!!

## STEPS TO THE BEATS!

Moving his steps to the rythm and making the audience spell bound, this is what Avinash Mishra of our school did. His wonderful steps reverberated the hall and the hearts and made him bag the 1st prize in Indo-Western Dance competition organised by Kala Jyoti.

## THE MAGICAL STROKES

Mehal Acharjee (II"A") secured the third position in the 'Group B' for the meritorious performance in the 'Sit and Draw competition' in Vidyasagar Jayanti organised by the 'Bengalee Association', Jharkhand.

## KINGS OF THE BASKETBALL COURT

"Great players are willing to give up their own achievements for the achievements of the group, it enhances everybody" said the famous basketball legend Kareem Abdul Jabbar and this was proven by Rajat Vinay of Std. IX'A'

Among the various students of Jamshedpur, he was one of the very few to make it to the regionals team for the prestigious ASISC Basketball Tournament.

His team stomped into the finals at Ranchi. He played a vital role in their achievements but they eventually succumbed to Ranchi's team in the finals, despite his continuous assists and baskets. The team ended up as the first runners up in the tournament.

A hearty congratulations to Rajat !!!

## Basketball ASISC Tournament

Basketball is one of the most well known games in the world and Rajat Vinay of Std. IX'A' continues to fill RV's chest of trophies with his brilliant performances.

With his hard work and perseverance he made an irreplaceable impact on the selectors leaving behind a legacy. For the future RVian's about the true potentials of a sports person. The selectors were bound to select him for the nationals.

The national event of the ASISC yet again saw his brilliant performance for the Bihar, Jharkhand region. On account of his brilliant performance the team qualified for the semis. Unfortunately, they lost to Uttar Pradesh who went on to win the competition.

On the other hand although his team was defeated but this defeat did not deter their courage and determination and they won the match against Karnataka for the third place. They were declared the third runner up.

Kudos!!!

## SMASHED TO VICTORY

With a shuttle in his hand, Samarth Maurya of std. VII smashed the victorious stroke in the Under-13 District Tournament organised by Jharkhand Badminton Association and came out as the runner up.

Kudos!!!

## BEND IT LIKE KARMAKAR

"It's not the amount of average efforts that is required of you that gives you success. It's the amount of above and over the average that gives you your ultimate success." For the past so many years, that's the kind of effort the exceptionally talented Karmakar sisters have been putting in the field of Yoga. Being trained from a very tender age, they have devoted themselves to the ancient Indian tradition of Yoga and have proved themselves time and again that they are the supreme masters in their field, not only in India but also in abroad. Their sheer dedication and hard work has showered them with extraordinary success, yet again, but this time, it's Vietnam.

In Vietnam, the very famous Asian Yoga Federation organised International Yoga championship from 3rd to 5th September 2016.

In junior category Anushka Karmakar of VI'B' left everyone spellbound with her flawless yoga and walked out of the tournament with no less than 4 gold medals in Yogasana, Artistic Yoga, Rhythmic Yoga and Artistic Pair Yoga. Her elder sister was no less as she also bagged the same 4 gold medals in the senior category of the same event. She took the bragging rights, taking an extra silver medal in free flow yoga dance. She was also declared the overall champion.

## GREY MATTER

All this knowledge about Quantum Physics, Applied Mathematics, infinite capacity of a cell's nucleus, what to do with it?

Never had we ever thought of using Pythagora's theorem of fallacy in our life, after studying it and using it for tests.

The great minds of our school made a good use of these subjects.

KVPY (Kishore Vaigyanik Protsahan Yojana) organized by IISC Bangalore, provided a great platform for Mayank Jha and Kumar Tamay (group SA for Std. 11) and Md. Shakib Ahmad & Siddhant Kabra (Group SX for Std 12) to showcase their talents. Each group comprised 1200 participants. They qualified for stage I & if they ace the interview at Kolkata, they will win a monthly scholarship.

## WRITING MAESTRO

An Essay writing competition was organised by Sheyn International school at Sahara Garden City on 15th January, 2017, in which Ayush Kumar Jha of class 5'D' won the first prize!

Congratulations to him!

## A STROKE OF THE BRUSH

A drawing competition was held at Nirmal Mahato Stadium on 19th August, 2016. This competition was attended by Mr. Laltu Mahato. In this competition, Ansh of Class 4'D' was awarded the second prize in Group A.

Kudos!!!

## TALENTS THAT COUNT (ECSTASY)

"For great achievements, one needs a blazing heart." and that desire to achieve that hunger, to succeed that fearless heart with fire is natural to the students of of Rajendra Vidyalaya. Be it academics or co-curricular activities, our students never failed to keep up, to the expectations of the people. This time again, they have proved themselves, not as mere individual but as a team with great coordinations of the glorious inter-school Fests; ECSTASY-2016, organised by DAV Public School, Bistupur, on 10th November. The Fest which lasted for more than a half of the day, was, marked by diverse events, giving various opportunities to students to prove their mettle, and in majority of them, our students left an irreplaceable impact. Sending a contingent to over 60 students, our students won laurels for the school in not less than 8 events out of possible 14.

They are

Event	Position	Winners
Nail Art	3rd	Shivani and Amrita

## TRAVEL QUEST

Thomas Cook, the renowned travel agency, had organised the Travel Quest Season 4 at Carmel Junior College. The travel quiz, attended by many team from the prestigious schools of Jamshedpur, was hosted by the popular quiz master Mr. Giri Balasubramaniam, whom quizzers know as 'Pickbrain'. Out of all the teams present, six teams were selected for the state round. After several ecstatic rounds of quizzing, and out of all the witty brains present, the team from Rajendra Vidyalaya, comprising Pratyush Praveen (9-'B') and Anmol Kumar (9-'B') were declared as the first runners up!

Cheers to their accomplishment!

## CANVAS

As always the students of Rajendra Vidyalaya proved their artistic skills by showing their exquisite skill on the canvas. Akshara Gupta of Std. 5'D' won 3rd prize in the Sit and Draw competition organised at Flower Show.

**No less was Ayush Gupta of Std.**

5'D' won the first prize in the drawing competition organised by blue Bells school on 24th Feb, 2016. Not only this,

**Vivek Kumar** of Std. 4'C' also showed his skills by bagging 2nd prize in the competition organised in XLRI on 15th Jan, 2017.

## WINNERS OF THE FIELD

"High achievement always takes place in the framework of high expectation." This is proved by Sundeep Shandilya of Std. VIII'B, who bagged the title of the highest run scorer in JSC Freedom Cup organised by Subrato Dey, who is former Ranji player, at Circuit House Stadium.

## ART FEST

Ritika of Std-II B, with her enormous efforts bagged the first position in the painting competition organised by Bangiya Sangeet Parishad. The competition was held in the year 2015-16. We would like to congratulate her on her success. Her stunning performance in the competition has made every RVian proud and she is surely an inspiration for many other emerging artists of her age.

## ESTABLISHING YOUR VIEWS

The Tata Steel Zoological Society had organised a debate competition in which all the renowned schools of Jamshedpur had taken part. The topic was, "Should wildlife trade be banned?" In the Hindi category, "Meenakshi Shree" of Std. 9'C' won the second prize and brought laurels to our school.

Congratulations Meenakshi!

## BUDDING ARTIST

"Art is not what you see, but what you make others see" The Dola School of Art & Craft organised a "Sit & Draw Art Camp" on 18th may, 2015 in which Shipra of Std. 3-D has bagged the 3rd prize. Kudos!!!

## CHECK MATE

Readers are plentiful; thinkers are rare. Kumar Utkarsh of VI'A' is one of our thinkers. He has proved his mettle in 16th Jharkhand State U-13 Boys and Girls Chess championship by bagging the first position with 5.5 points out of 6. He also emerged victorious in the 16th Jharkhand State Sub-junior Chess Championship 2016. This time bagging the third position with 6 points out of 7.

Yet again, in this championship in the Junior category, he was declared fourth with 6 out of 8 points.

Congrats to the "Sheh and Maat" champion for adding one more feather to the cap of RV.

# The Spirit Ignited....

Sportsmanship runs in the veins of RVians. Every year, the Annual Sports Day becomes a platform for the marvellous display of the athletes' achievements. The Annual Sports Day

was held on 23rd December 2016. The enthusiastic event was hosted by our marvellous anchors, Moumita Kalindi of XI-A, Mridul Srivastava of IX-D and Abhishek Kumar of XI'D'. The Chief Guest, was Mr Rajeev Seth an ace cricketer who played Ranjee Trophy. The torch, representing the flaming hearts of the Ryians marked the commencement of the zestful event. Along with the sound of the thudding feet combined with the stirring marching music, the march past was a feast to the eyes. The first performance was given by the young girls of

Std. VII and VIII as a tribute to the martyrs, the soldiers who sacrificed their lives for their motherland. The senior girls too gave a thrilling dance performance. Most of the room in the audience's heart was occupied by the tiny tots by their enthusiastic and enjoyable Zumba dance. Then there was the vibrant performance by the students of Std. V and VI with their colourful umbrellas. Next, the students of Std. VII and VIII conveyed the message "Save Earth" with their environment friendly drill display. The different races revealed the talent of the budding athletes of RV. For the fourth time, Shatakshi Kiran of Std. X'A' was declared the best athlete along with Aman Kumar of IX'D'. In the junior category, the best athletes were Ayushi Das of VIII 'B' and Abhinav Jha of VIII'A'. The Red house with 165 points was declared the overall champion. The event was a grand success. It ended with the National Anthem echoing in the JRD Tata Sports Complex,

## ROCKIE'S EXPERTISE

The Life Insurance Corporation of India had organised an Inter School Essay competition on account of its Diamond Jubilee celebration held on the 3rd of September, 2016. Students from various schools of Jamshedpur participated in the competition, but the first prize was bagged by Shivesh Anand of Std IX'A' of our school. The winner was awarded a prize and a certificate by the Divisional Manager of LIC, Mrs. Ratnaker Patnayak was congratulated the lad for his success.

A heartfelt of congrats to Shivesh...!!

She also won the 1st prize at a drawing competition organised at Vishwakarma Centre Tata Zoological park had organised an 'On The Spot Drawing competition' on the 4th of October, in which she won the 3rd prize.

Felicitation!!!

## A GREAT MATHEMATICIAN IN THE MAKING...

In Mathematics, you don't understand things. You just get used to them."

Abacus – where beads show the Mathematical calculations – is a device developed in the ancient days to assist fast calculations.

The Sip Abacus classes organised an Abacus competition in which Shivam Jha of Std. VII'B' won the 2nd prize.

## PROUD OF YOU TEACHER

You teach us everyday,  
As we focus on and learn  
The grades we struggle for,  
We surely earn  
You have a special way  
Of making us understand those things

It always seems like your words have wings.  
Being your students,  
We are feeling very proud,  
Having you as our teacher  
And being in your heart.

**Arvind Kumar Gope - III C'**

## FOOTBALL LIFE

Life is like a football game,  
Where you protect your goalpost as Casillas,  
Defend against problems like Dani Alves  
Tackle obstacles like Maldini  
Beat down your opponents like Pepe,  
Have a powerful presence like Roberto Carlos  
Never give up like Ramos,  
Control your time like Zidane,  
Be swift and agile like Roben  
Be acrobatic like Nani,  
Create opportunities like Modric  
Take risk like Coutinho,  
Handle pressure like David Beckham,  
Flaunt and believe in your skills like Neymar,  
Make other speechless like Rooney,  
Celebrate every moment like Pogba  
Be jubilant like Ronaldinho

Surprise everyone like Rashford,  
Create magic like Iniesta  
Be calm and composed like Kroos,  
Be loyal like Xavi and Giggs  
Help others like De Bruyne,  
Spark brilliance like Di Maria,  
Be selfless like Ozil,  
Reach great heights like Bale,  
Be talented like James Rodriguez,  
Lead from the front like Gerrard,  
Position yourself well-like Morata  
Be precisely accurate like Van Persie  
Finish off all your tasks like Suarez,  
Dribble through all your challenges like Messi,  
Head them towards goal like Ronaldo,  
And at last be bold and awesome like Ibrahimovic.

**Rohit Raj (IX-D)**

## THE NATURE

Nature, Oh! Nature  
 You have many types of creatures  
 I cannot say anything bad for you  
 You fulfill all the beautiful feature  
 You have many types of things  
 with beautiful birds  
 That have colourful wings  
 Oh! nature oh! nature  
 We thank you O God

Thanks to your creativeness  
 We regret that due to pollution  
 Pure things are very less  
 Oh! crazy people where you stay  
 Please find the way  
 How you keep the place safe  
 For the future generation's sake  
**Adwiti Sharma IV-B**

## 'SMILE A WHILE , SAYS SMILEY

Nowadays a smile serves as a mode to express those feelings and emotions which words cannot describe to the fullest. Every social networking site has smiley emojis so that we can express ourselves fully. So let us know about it.

A smiley is a stylized representation of a smiling humanoid face, an important part of a popular culture. The classic form was designed in 1963 comprising a yellow circle with two black dots representing the eyes and a black arc representing the

mouth.

The smiley was first introduced to popular culture as a part of the promotion by New York radio station WMCA, beginning in 1962 but the smiling face as we know today was created by Harvey Ross Ball, an American graphic artist. He was employed by State Mutual Life Insurance Company of Worcester, Massachusetts to raise the morale of the employees. It gained widespread popularity.

This Graphic was further popularised in the early 1970s

by the Brothers Murray and Bernard Spain who seized upon it in a campaign to sell novelty items.

In 1972, Franklin Loufrani became the 1st person to legally trademark the smiley face. He used it to highlight the good news parts of the news paper 'France Soir'. He simply called the design 'Smiley', the name by which we know the design today and launched the smiley company. It now approves or creates all smiley products sold through out the world.

## POSITIVE ATTITUDE

Let us rise up and be thankful,  
 for if we didn't learn a lot today,  
 at least we learned a little,  
 and if we didn't learn a little,  
 at least we didn't get sick,  
 atleast we didn't die.

So let us all be thankful.

The test of a first rate intelligence is the ability

to hold two opposed ideas in the mind at the same time,

and still retain the ability to function.

One should, for example,

be able to see that things are hopeless and yet be determined to make them otherwise.

**Palak Kumari V-A**

## SHEH AUR MAAT

Abhishek Roy of 9B proved his mettle by acquiring the 3rd position in East Singhbhum District Chess Championship - 2016 and the 1st position in Chess Mainiac, Season-1, 2016. He received a gold medal with Rs. 1500 cash.

Kudos to the winner!!

## TEARS

Those tiny little droplets  
 That flow quickly down,  
 Have so much to say  
 Without making any sound.  
 They flood the eyes soundlessly  
 Until their holder goes red  
 And release them drop by drop  
 Down the river bed.  
 Their silent tales of sorrow,

Pain, loss and hurt  
 Are told, as the tears,  
 Wash away all that dirt.  
 And once the sorrow is sharpened,  
 The heart feels light,  
 Making it much easier  
 For the person to enjoy a smile.

## RACK IIT!

Hello, my name is Shubhangi Chauhan. My background yet? Well, I am a science student and I'm not going to crack IIT. Being a science student and studying physics, chemistry and mathematics all the two years of my high school was a job which required tremendous amount of patience and dedication and I am quite pleased with the fact that all that is going to come to an end. Like all of you, mostly, I grew up in this wonderful town which is known particularly for two things: greenery and Tata Steel. Jamshedpur is an industrialised town and the children here are grown up watching Tata Steel expand year after year. It is natural for mostly all to nurture in themselves a scientific and industry based career prospects. No offence, this should be the case but then the point is that every school in Jamshedpur focuses on the results of IIT-JEE more than any other all India entrance level examination. On conversing with many students I find that all they think is that if they do not crack IIT or fail to do so after their plus two, they are doomed for life. They are more of what their parents want them to be than they themselves. So, the students of this wonderful institution Rajendra Vidyalaya, go for IIT only if 'you' want to. Do not think of the place where you belong to, do not think of your friends who are immersed into textbooks all the time, do not feel that you have less grey matter in you. Once you are out of this small town, you will enter into a world that is far beyond the JEE thing. You need to discover your potential, your interests and your versatility. Though self discovery is a never ending process but then at least you would know what are you meant for!

Yesterday, I met a boy of my age in a cafe. To my disbelief he was reading a book called "plane trigonometry" while sipping on his coffee. I was there with my girl gang and he wanted to come over and talk to us. We all had a nice conversation until he said, "you're sweeter than

glucose!" I however ignored that and showed him the photographs of an international super model Cara Delvigne whom I really adore and again to my disbelief he said, " she seems to be hotter than a Bunsen burner set to full power!"

I gave him a half smile and asked, are you by any chance preparing for IIT? Yes, he said "but how do you know?". "Just some special power" I replied. Of course, not all humans are like that but I found this incident really relatable to the situation of most of the students.

There's just one life, you can live it for your own dreams (if you have any). This thing is also a big issue, I find lack of confidence and self motivation in many students. They are working and running for something but they don't know what they are running for! This situation of the people here is sad. You need to believe in yourself and get away with the stereotype thinking which says 'cracking engineering and medical exams are the motive of life'. There are just a few more months for me to leave this beautiful place which has created a launching pad for me to take off! I only wish that all my juniors do extremely well in whatever field they choose to be in. There would a day when while reading the RV magazine, we would just not know how many IITians and Doctors have RV produced, but also that how many amazing and successful Photographers, Designers, Journalists, Sportsmen, Chefs, Non-corporate professionals, Entrepreneurs, Sociologists, Lawyers, Astrophysicists, Theologists, Professors are out there carrying the image of the school. With this, let this my short article bring upon a new outlook and open me to faith. A very happy new year to everyone! Stay blessed and think out of the ordinary. Think of yourself as a brand. You need to be remembered. What will they remember you for? What defines you? If you have it in you, do something that defines you. Invent something, develop a unique skill, get noticed for something — it creates a talking point.

With immense respect and more love,

**Shubhangi Chauhan (XII 'A ' )'**

## TAEKWONDO CHAMPION

One of our student, Joshen Hembram I-D got the first prize in the event kicking and fighting in Taekwondo competition which was held at state level and because of his outstanding performance in the event he got transferred from Silver Belt to Gold Belt.

Congrats!!!

## EPL FACTS

There is only one team out of the 4 divisions in England and the 4 divisions in Scotland that have a 'j' in their name. It's Saint Johnstone.

??Manchester United defender Nemanja Vidic is the only Premier League players whose last name is completely made up of roman numerals: V (5), I (1), D (500), I (1), C (100). A gladiatorial name that perfectly suits his play.

- Wayne Rooney, Gareth Bale and Kevin Davies are the only players to score, assist and score an own goal in a single Premier League game
- Stefan Schwarz arguably had the most bizarre clause to have ever been inserted into a player's contract. When signing for Sunderland in 1999, the Swede was banned from travelling into space!
- Former England goalkeeper Paul Robinson has scored, assisted and won a penalty in the Premier League. He also has more Premier League assists than any other keeper (five).
- Peter Crouch has scored more headed goals (47) than 15 of the teams who have played in the Premier League.
- Nuri Sahin (formerly at Liverpool) has played the most Premier League games of any player to be substituted off in all of their PL appearances (7).
- In 2014/15, Leicester City spent longer at the bottom of the table without being relegated than any side in Premier League history (140 days).quite surprisingly they came back and won it the next season.
- Man United have never lost a Premier League game at Old Trafford in which they have been ahead at half-time.
